

WOLFDEN ANNOUNCES INCREASE OF UP TO AN ADDITIONAL \$321,200 TO THE PREVIOUSLY ANNOUNCED NON-BROKERED FLOW-THROUGH PRIVATE PLACEMENT

Thunder Bay, Ontario – December 4th, 2014 – Wolfden Resources Corporation (WLF:TSX-V) ("Wolfden" or the "Company") is pleased to announce that further to its press releases on November 27, 2014 and December 1st, 2014, due to increased interest, it is increasing the size of the non-brokered private placement (the "Offering"). The Company may now, in its sole discretion, increase the size of the Offering by up to 40% for up to an additional 2.92 million Flow-Through Units (the "Flow-Through Units") at a price of \$0.22 per Flow-Through Unit. Each Flow-Through Unit will consist of one common share of the Company that is a "flow through share" within the meaning in the *Income Tax Act* (Canada) and one-half of one common share purchase warrant (each whole warrant a "Warrant"). Each such Warrant will entitle the holder to purchase one common share of the Company at a price of \$0.30 per common share for a period of 24 months from the closing date of the Offering. The Company may, in connection with the Offering, pay finders' fees to certain arm's length parties in accordance with the rules of the TSX Venture Exchange (the "TSXV") in consideration for their efforts in introducing subscribers to the Company.

The securities to be issued under this Offering will be offered by way of private placement in the provinces of British Columbia, Alberta and Ontario and such other provinces or territories of Canada as may be determined by the Company, in each case, pursuant to applicable exemptions from the prospectus requirements under applicable securities laws. Securities issued under the Offering will be subject to a four-month hold period which will expire four months and one day from the date of closing of the Offering.

Closing of the Offering is anticipated to occur on or before December 19th, 2014. The Offering is subject to acceptance by the TSXV and other customary conditions for a transaction of this nature.

The proceeds from the Offering will be used for exploration activities on the Company's Canadian mineral exploration projects.
